ARRL: Meet the new ARRL Southeastern Division Vice Director

Jean Butler, the wife of ARRL SE DIV DIR Frank Butler, W4RH, passes away

Jean Butler, the wife of ARRL Southeastern Director Frank Butler, W4RH, died November 13. A retired elementary school teacher, she had suffered a stroke two years ago. Prior to her illness, she had often accompanied her husband on trips to conventions, committee meetings and International Amateur Radio Union (IARU) Region 2 conferences. "Jean was a friend to many on the ARRL Board and was well known throughout the Southeastern Division through her support of Frank," said ARRL Executive Vice President David Sumner, K1ZZ. "We will miss her." Outgoing IARU Region 2 President Tom Atkins, VE3CDM, said he and his wife, Jo, were saddened to learn of Jean Butler's death. "We both knew Jean for a long time, and she and Jo were good friends who enjoyed each other's company at many Region 2 and other events over so many years." Atkins called Jean Butler "a gracious lady who will be missed by everyone." The funeral was Saturday, November 17th, 11 AM, at the First United Methodist Church in Fort Walton Beach, Florida. In lieu of flowers, donations may be made to the church's music ministry: 103 First St, Fort Walton Beach, FL 32548

THE ATLANTA RADIO CLUB, W4DOC

Originally known as the "Atlanta Wireless Club," the Atlanta Radio Club is one of the oldest and largest amateur radio clubs in the United States. With nearly 200 members, the Club sponsors numerous activities and services for its membership and for the Atlanta area amateur radio community.

The Club is best known for its sponsorship of the annual Atlanta HamFestival, a Saturday event which hosts many vendors, exhibitors, and flea marketers of amateur radio equipment and other electronic equipment, including computers

W4DOC REPEATERS

The Atlanta Radio Club operates five repeaters at two locations. Currently our most active project is at the Bank of America Tower where we operate three repeaters at 146.82(-), 224.34 (-), and 444.825(+). All our repeaters are undergoing extensive renovations during the summer of 2001. On the web, go to <http://www.saf.com/arc/repeater.pdf> for a Acrobat 4.0 diagram of our system.

Our second location is the WFOX broadcast tower at Chestnut Mountain, south of Gainesville, GA. We operate three repeaters on 145.35(-) & 444.45 (+) . These repeaters are being renovated under the expert guidance of Dennis, KF4MHW, and should also be on the air before January 1, 2002. For pictures of that site, see <http://www.saf.com/arc/wfox.html>

PRESIDENT'S MESSAGE – PENN K4PE

I would like to take this opportunity to wish each and every one of you the merriest and happiest of holiday seasons. This is that time of year when we think about peace, fellowship, and goodwill towards all men. We remember the great holiday seasons of the past and how that spurs us to make this one extra special in its own way. Let's also take a moment to remember those who lost their lives on Sept. 11th, their families, the Hams providing emergency communications, and the folks in our armed forces who are working hard to prevent such events from happening in the future.

One last note. Please fill out and return the enclosed membership application if you have not renewed yet.

Have a Merry Christmas or a Happy Hanukkah and a Great New Year!

SKYWARN SPECIAL EVENT STATION

NEWINGTON, CT, Nov 20, 2001--The National Weather Service and ARRL will co-sponsor an on-the-air event to recognize the contribution of SKYWARN volunteers. The NWS/ARRL SKYWARN Recognition Day will be Saturday, December 1, from 0000 to 2400 UTC.

The object is for amateur stations to exchange QSO information with as many National Weather Service special event stations as possible on 80, 40, 20, 15, 10, 6 and 2 meter bands plus the 70-cm band. Contacts via repeaters are permitted. Stations will transmit call sign, signal report, location and a one or two word description of the

weather at their location--such as sunny, partly cloudy, windy.

The National Weather Service will offer participation certificates and endorsement stickers to amateurs who request them and provide a self-address, stamped envelope along with their lists of stations worked. Requests go to National Weather Service, 920 Armory Rd, Goodland, KS 67735. This year's endorsements includes the Patriot--a special endorsement to honor Amateur Radio volunteers who assisted in the aftermath of the September 11, 2001, attacks at the World Trade Center and the Pentagon. Additional information, operating instructions, a list of participating NWS stations, and certificate and QSL information is available on the NWS/ARRL SKYWARN Recognition Day Web page or see November QST, page 76.

GEORGIA TO HOST 2002 USA ARDF/RADIO-ORIENTEERING CHAMPIONSHIPS

Source: ARRL LETTER Nov 16, 2001

ARRL Amateur Radio Direction Finding (ARDF) Coordinator Joe Moell, K0OV, has announced that the Georgia Orienteering Club will host the second USA ARDF/Radio-Orienteeing Championships. The event will take place April 19-21, 2002, at F. D. Roosevelt State Park near Pine Mountain.

The USA ARDF/Radio-Orienteeing Championships are open to all, from beginners to experts from the US and elsewhere, and no Amateur Radio license is needed to compete. The 2002 competition will feature 2-meter and 80-meter ARDF events. Participants will compete in age/gender categories with awards given for first, second and third-place finishes in each. Awards will be presented in two divisions,

Overall and USA-Only.

Details, including rules and registration forms, are on the Georgia Orienteering Web site, <<http://www.mindspring.com/~sam.smith/gaoc>>. Click on the "Radio-O Champs" link

Things to know when making changes to your amateur radio license

Renewing your Amateur Service FCC license, or changing your license address, call sign or name, or requesting a duplicate license.

Amateurs have several options for renewals or filing changes. They include:

* As a free service to ARRL Members, ARRL Members may complete and sign an NCVEC Form 605 (<http://www.arrl.org/arrlvec/ncvec605-3.pdf>) and return it to ARRL HQ. ARRL HQ staff will in turn file the application data electronically with the FCC. The processing time will take only a few days or less once the application reaches ARRL HQ. Send such applications to: ARRL VEC, 225 Main St, Newington CT 06111 USA.

Non members are welcome to first sign up for membership and then use this service. For membership info, including an on-line membership application, see <http://www.arrl.org/join.html>. For NCVEC Form 605 see <http://www.arrl.org/fcc/forms.html>. If preferred, non members can mail a check (or the credit card charge info) for the applicable current membership rate for themselves in the same envelope with a completed NCVEC Form 605 and ARRL HQ will immediately process the membership request and shortly thereafter the NCVEC Form 605 FCC license renewal/update request. Vanity requests must still be handled separately by mail or on line directly with the FCC (or via someone serving as a filing agent, such as the W5YI Group).

* All Amateurs can apply by mail with FCC. To place your request by mail obtain an "FCC" Form 605, complete it and then mail it to: FCC, 1270 Fairfield Rd, Gettysburg PA 17325. This is a free FCC service. FCC Form 605 can be obtained via <http://www.arrl.org/fcc/forms.html> or <ftp://ftp.fcc.gov/pub/Forms/> or via fax to FCC's Fax-On-Demand system at 202-418-0177 (request form number 000605).

* All Amateurs can apply via the internet. The FCC accepts submissions electronically via their Universal Licensing Service (ULS) system. You may file requests via: <http://wireless.fcc.gov/uls/>. To use the on-line ULS system, you must first be sure you are using a web browser which FCC indicates is fully functional for ULS use (FCC indicates that at present only recent versions of Netscape {vers. 4.7x work well} are fully tested and functional); you must then registered in ULS, which involves supplying your Taxpayer ID Number (TIN) which is your Social Security Number to FCC.

To do so choose the "REGISTER, TIN/Call Sign" link and then complete your registration information (ignore the contact person, and SGIN references). On the next page enter your call sign and lastly print out the final page for your records (that last page shows your TIN/SSN, Licensee ID Number, Password and Personal Identifier for any necessary future reference). Once registered, you must then choose the "FILE, ULS Filing" link to perform your on-line transaction with FCC. During the filing process the FCC system will download to your PC special software to automatically run a JAVA security applet (this will take a few minutes depending on your connection speed) which will update files within Netscape to cause a smoother flow of data between your computer and the FCC ULS server. Any on-line filing technical problems can be directed to FCC Tech Support weekdays at 202-414-1250. If you are unable to complete a successful on-line filing session in ULS, consider mailing a hardcopy "FCC" Form 605 to FCC (or apply through the ARRL per above). Be sure to print a copy of your on-line renewal request for your records.

Processing time can vary depending on the FCC's workload. If you file your request electronically, the FCC may take only a day or two to modify your license or process your request. If you file by mail, the FCC might take a few weeks to process your request. If you have not received your updated or duplicate license within 12 weeks, you may contact the FCC for guidance on how to proceed. The FCC may be reached by telephone 1-888-225-5322 or by fax to 717-338-2696, or by writing to: FCC, 1270 Fairfield Rd, Gettysburg PA 17325-7245.

Be sure to keep a copy of your as filed "FCC" Form 605 request for your records.
